

# **REVERSING ROE V. WADE**

## **A WORD FROM PASTOR GARY G. DULL THE FAITH BAPTIST CHURCH OF ALTOONA, PA**

On January 22, 1973, a terrible thing happened in Washington, DC. That day was when the United States Supreme Court in the Roe v. Wade decision, legalized death through abortion in all 50 states of the Union for the full nine months of pregnancy and thus ruled that a woman had a "right to privacy" broad enough to include aborting an innocent child from her womb. That was 45 years ago and since that time over 60 million babies have been killed under the guise of a medical procedure. But abortion is nothing less than murder, as life begins in the womb at the point of conception, which is clearly taught in the Bible and can be proven through medical science. This act of innocently killing an unborn child in its mother's womb, is an abomination to God and will bring judgment upon our beloved nation. Without a doubt, Roe v. Wade must be reversed.

But how can Roe v. Wade be reversed?

- 1) Christians must stand up and speak out against this great abomination by telling others that God is the author of life and death, and that as human beings we do not have the right to kill at all, including abortion, infanticide, suicide, euthanasia, physician assisted suicide, homicide or any other form of murder.
- 2) Christians must evangelize those who are lost in their sins, because those who know Christ will not consider abortion.
- 3) Christians must pray that legislators and judges on the State and the Federal level will reject abortion and uphold life.
- 4) Christians must consider running for office, so as to bring the light of the Gospel into the dark halls of government.
- 5) Christians must pray that God will raise up a band of other Christians to run for office who will stand for biblical principles.
- 6) Christians must lead our nation in repentance and confession of the sin of legalizing murder through abortion.
